

Biography for Tatiana Giraldo

My name is Tatiana Giraldo. I am from Medellin, Colombia, and I'm 27 years old.

I'm a fashion designer (almost), and I work designing and screen printing t – shirts.

I live with my mother and my brother. My mother is a history and geography high school teacher, and my brother just finished school this past December.

I like to walk- I walk everywhere! I love music, movies and books. I like to cook and think I'm pretty good at it!

Before I came here, I was working with a Maureen Orth Foundation in my city. This foundation serves underprivileged schools in Colombia. I worked as a volunteer English teacher, and I want to continue working with this organization when I come back to Colombia.

I have really enjoyed myself here; everybody has been nice and very supportive with all of us. St. Louis Park and the Twins Cities are great. Everything here is very clean, organized, calm, and green. All the lakes are beautiful, and people are very active and enjoy being outside cycling or running. This is a fantastic place to live for an Amity!

I hope this will be an amazing experience for me, and I hope to be helpful to PSI and the children who go there.

You can email me at tatianagiraldo@gmail.com.
