

My name is Luis Felipe Araujo. I am 24 years old, and I am from Valencia, Venezuela.

In my family are my parents and a brother and two sisters, all older than me.

I'm a physical therapist; before coming to MN, I worked in a vascular laboratory, rehabilitating people with vascular disease.

I like music, getting out and seeing new places, movies and especially sports, I love playing tennis and soccer, but I also play baseball, basketball, and other sports.

I am very excited to be here in St. Louis Park and in this school, helping children in whatever they need to have a better education.

I'm interested in tutoring or any help that you need. Please contact me if you are interested.

My email is luisfearaujo@hotmail.com
